4 000 EUR

Period : 17th century

Condition : Etat d'usage

Material : Solid wood

Length : 46

Width : 37

Height : 106

Description

Six solid walnut refectory chairs. Friuli, 17th century. 46 x 37 x h 106 cm. A set of six refectory chairs, entirely crafted from solid walnut, are attributed to 17th-century Friulian craftsmanship. The rectangular backrest, framed by square uprights, is connected to the seat by a carved crosspiece with a wavy, lobed profile. The same decorative solution is found on the front crosspieces under the seat. The lower crosspiece between the rear legs is shaped like a double scroll, a typical element of the region's folk carpentry. The seat is made of solid wood with a slightly rounded front profile. A direct comparison group is preserved at the Carnic Museum of Popular Arts "Michele Gortani" in Tolmezzo (Udine). Condition report: Good overall condition, with signs of use and a period patina
