

Templar Ring In Sculpted And Hammered Bronze With A Relief Angevin Cross (1262-82).

3 800 EUR

Signature : Siciliano

Period : Before 16th century

Condition : Très bon état

Material : Bronze

Description

The 'Spartan' technique used to create this object is noteworthy. The lily-embellished cross at the center of the central oval is expertly hand-carved, and the structure was created by hammering and carving the metal. This is another humble manifestation of the Poor Knights of Christ. The lily, an Angevin symbol at the four extremities of the cross, places the Sicilian-made object between 1262 and 1282.
