

Antique Surveyor's Level With A Sighting Tube; 19th-century Surveying Instrument

380 EUR

Period : 19th century

Condition : Bon état

Length : 37,4 cm

Width : 2,7 cm

Height : 16,8 cm

Description

Antique surveying level with a telescope, made entirely of brass with steel components and a graduated spirit level. A beautiful antique scientific and surveying instrument mounted on a three-legged stand equipped with leveling screws. The telescope features various adjustment and focusing mechanisms. An old inscription engraved on the body of the level, mentioning Paris, is visible in the photographs. The instrument displays a beautiful antique patina, with signs of use, small marks, oxidation, and wear consistent with its age. A particularly decorative and interesting piece for a collection of scientific, geodesic, surveying, or topographic instruments. Dimensions: L 37.4 cm W 2.7 cm H 16.8 cm. Condition: good overall antique condition, sold as shown in the numerous
