Description

A pair of bronze vases...Gilded and chiseled...With a gray and black marble base...A highly floral design that heralds the Art Nouveau style...From the 1880s/90s...With a blown-glass tube that runs alongside the gilded bronze tube...One has a chip with a piece that's been reattached...!I'm leaving them as is, but it wouldn't be a problem if they weren't there...!They're from the SAINT LOUIS crystal glassworks in France...Otherwise, in very good condition...!With minor oxidation and normal wear and tear...Both vases are signed on the edge of the base: F. BARBEDIENNE - PARIS...One of the great names in the art of bronze casting...Otherwise in very good condition...!Weight: 2 kilograms 898 grams
