Description

22-Piece Crystal Bathroom Set - Val Saint Lambert (Valembert Model), Circa 1908 / Art DecoA magnificent and very substantial 22-piece crystal bathroom set from the prestigious Belgian crystal manufacturer Val Saint Lambert. This is the iconic "Valembert" model, created in 1908 and successfully reissued during the Art Deco period (featured in the 1939 Luxval catalog). Each piece is a work of art crafted from double-layered crystal, combining the purity of transparent crystal with the warmth of a luminous amber/honey yellow. The design alternates between superbly cut geometric facets and radiating motifs on the lids.
