Description

This authentic 18th-century Spanish chest, originally from Altea, is a rare period piece crafted from solid chestnut wood, with over 225 years of history. Its finely carved panels, the warm patina of the wood, and its original lock and key--which still work--are a testament to remarkable craftsmanship. Thanks to its spacious interior, this antique chestnut chest is also highly versatile: it can serve as a TV stand, a stand for audio equipment, or even a coffee table. A unique Spanish antique that fits perfectly into classic, country, eclectic, or industrial-style interiors.
