requestDescriptionA rare 15th-century Austrian
Gothic wooden sculpture depicting the Virgin
Mary Enthroned with the Infant Jesus. The Virgin
Mary, crowned, holds the Infant Jesus in her left
arm. In her right hand, she probably originally
held a scepter or a lily, which is now missing.The
sculpture displays the stylistic characteristics
typical of Austrian statuary from the late Middle
Ages. The drapery with its elegantly undulating

fold, the slender proportions, the serene expression on the face, and the delicately sculpted hair are characteristic of Gothic depictions of the Virgin in the 15th century. The preservation of a significant portion of the original polychromy and gilding further enhances the work's historical and artistic value.
