

Yellow Gold Ring With A Green Stone And A Setting Of White Stones

680 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Description

An elegant 18-karat yellow gold ring, featuring a rectangular green stone with beveled edges set in a claw setting at its center. The center stone is accented by small cushion-cut white stones forming a delicate halo. The slightly oval-shaped setting features beautiful craftsmanship with a finely chiseled border; the openwork gallery allows light to pass beneath the stones, and the band blends seamlessly with the setting. Looks beautiful on the finger; an elegant and easy-to-wear design. 750 hallmark Gross weight 4.60 grams TDD 57 Dimensions of the green stone: approx. 5 x 3 mm Dimensions of the setting: approx. 14 x 13 mm Slight scratches on the green stone.
