

Kuyu Great Woodpecker, Showing Signs Of Abandonment Republic Of The Congo (kuyu River Regi

700 EUR

Period : 20th century

Condition : Etat d'usage

Description

Large Kuyu marotte, a traditional dance prop; this one was collected in the woods--likely abandoned or lost--which explains its heavily weathered patina, though the beautiful face has been spared. It is made of hardwood, 46 cm tall, with traces of polychrome paint; note the small metal teeth; late 19th or early 20th century.
