Description

An elegant, modernist-style brooch crafted in 750 (18-karat) white and yellow gold, adorned with a natural dragon's tooth pearl and thirteen brilliant-cut diamonds. The ribbon-shaped dragon's tooth pearl subtly contrasts with the clean lines of the gold, lending the brooch an architectural lightness. A geometric motif set with diamonds (0.41 ct) accentuates the center. The asymmetrical form of the pearl and the minimalist lines of the gold combine the organic beauty of nature with understated luxury. The brooch bears the manufacturer's hallmark and has been certified by the Lithuanian Assay Office. **UNIQUE EXCEPTION** Dimensions: 69 x 20 mm Country of origin: Germany Period: circa 1965-1985 Style: Modernism Metal: 750 gold Weight: 9.11 g Gemstones: 13 round
