Description

Elegant Gallé multi-layered glass bowl with poppy design - Art Nouveau
Superb multi-layered glass bowl with a poppy design, in the characteristic style of Émile Gallé. The body of the opalescent glass bowl, with bluish-white hues, is accented with shades of amber, orange, and reddish-brown. The floral design features magnificent poppies with delicately veined petals, accompanied by leaves and sinuous stems that spread harmoniously across the surface. The layered glasswork and cameo engraving lend the design beautiful depth and subtle contrasts. The bowl rests on an elegant dark glass base and features a slightly wavy upper rim, reinforcing the naturalistic and refined character of this beautiful Art Nouveau piece.
