

Coffee Table In Smoked Glass And Chrome Steel Horst Brüning Kill International 1960

690 EUR

Period : 20th century

Condition : Bon état

Description

An icon of modernist design from the 1960s, this coffee table by Horst Brüning for Kill International brings refined, architectural elegance to your living room. It has a rigorous chrome steel structure combined with a smoked glass top. The whole is in good general condition. Please note: the glass top has been replaced and is not original. Ideal as a centerpiece in the heart of the living room, it will work perfectly with vintage leather seats, mid-century furniture or a resolutely contemporary interior. Web exclusive: this product is not visible in the showroom. Les Belles Vies - Vintage furniture:
