### Description

SPECC576 - An elegant mirror made of carved and gilded wood, dating from the second half of the 19th century, featuring a frame with flowing, harmonious lines, embellished at the corners with refined floral motifs in relief. The warm, luminous gilding features an authentic patina that enhances its vintage charm, while the fluted inner band creates a delicate interplay of depth and reflections. The mercury mirror, showing slight oxidation, attests to the object's age. The piece as a whole evokes the French Louis-Philippe style, reinterpreted with greater decorative richness, making it a highly elegant piece, ideal for enhancing both classic and contemporary settings. Perfect for classic interiors or to add character to contemporary settings. 19th

century Dimensions: L 100 x H 140 cm
