Dangle Earrings, 18-karat White Gold, Sapphires--4 Karats--and Diamonds--3.25 Karats

4 800 EUR

Period : 20th century

Condition : Parfait état

Material : Gold

Description

A striking pair of 18-karat white gold drop earrings, set with two faceted oval sapphires weighing approximately 2 carats each. With a deep, midnight hue, the sapphires reveal luminous blue reflections as the light shifts. Each stone is enhanced by a double ring of round brilliant-cut diamonds, weighing an estimated 3.25 carats. The setting extends onto the front of the earwires, creating a continuous line of light from the earlobe to the pendant. The two oval elements are mounted on hinges to gently follow the wearer's movements. The hinged, break-away clasps ensure a comfortable and secure fit. Features: Metal: 18-karat white gold, 750 thousandths Hallmark: AU750 Center stone: 2 oval sapphires--approx. 2 carats each Setting: diamonds--approx. 3.25 carats Weight: 13.1
