Beautiful Bronze Candleholder, Square Base, France, Late 17th Century

225 EUR

Period : 17th century

Description

A very pretty little freestanding candleholder. Made of bronze, with a lovely patina from use and age, it rests on a square base with a high rim. A central cylindrical bulge holds the body in place via a factory-made screw thread. The straight top features a circular opening for wax drainage, set atop a body with beveled sides. In good condition, though unfortunately not perfect... There is a small chip on the back of the top, visible only from the rear and in my detailed photos... Please look at them carefully--I'm not hiding anything! French piece dating from the second half of the 17th century, circa 1680. Dimensions: 14.5 cm H x 11.5 cm.
