Description

Asian Carved Wood Chest of Drawers - 20th Century Beautiful Asian chest of drawers made of exotic wood, entirely adorned with remarkable relief carvings. The front features seven drawers, including four small drawers in the upper section and three large drawers in the lower section. Each drawer front is richly carved with lively scenes depicting figures, architecture, landscapes, trees, and traditional Asian motifs. The sides are also adorned with large carved panels, giving the piece a particularly rich decorative appearance from every angle. The dark brown frame contrasts elegantly with the carved panels in warmer tones. The top surface is smooth and molded. The piece rests on four short carved legs. A decorative and functional piece of furniture, offering ample storage space and suitable for an entryway, living
