

17th-century Cabinet Made Of Softwood

1 900 EUR

Period : 17th century

Condition : Très bon état

Material : Solid wood

Description

Small 17th-century cabinet made of softwood with two doors; the doors feature richly paneled designs. Inside, there are two shelves, with the option to add a third. It has undergone some restoration over the years. Its very compact size makes it suitable for any type of setting.
