### Description

This small gilded wooden console table, in the Louis XVI style, exudes elegance, with the white Carrara marble top contrasting with the luminosity of the gilding. The frieze is adorned with delicate motifs such as ribbons, leaves, small garlands, a torch, and a quiver. The fluted, slightly tapered legs give the piece an upright and balanced appearance, while a curved crossbar connects the base and highlights a flamboyant vase. The piece exudes a sense of refined classicism: clean lines, restrained ornamentation, and an overall harmony faithful to the spirit of the 18th century.\*\*\*\*\*Period: Early 20th centuryIn good condition following restoration in our cabinetmaking workshopShipping available upon request in France and internationallyDimensions:Width: 70 cmDepth:
