Description

An elegant coffee table from China, crafted from lacquered wood in a deep, satiny bronze hue, showcasing superb craftsmanship. The tabletop features a floral composition delicately enlivened by birds, hand-painted with great finesse. The flowering branches, stylized foliage, and graceful birds come together in a poetic scene, enhanced by fine gilding that catches the light and highlights every detail. The curved legs lend the piece a harmonious silhouette and classic charm. The sides of the piece are also adorned with gilded decorative motifs, reflecting traditional craftsmanship and refined aesthetics. This piece combines decorative art, Oriental elegance, and mastery of lacquer, making this table a unique object that is both functional and highly decorative. *****Period: Mid-20th centuryIt
