Description

A lovely set of 5 19th-century English Windsor chairs made of oak. A beautiful set with a lovely patina. They have been inspected by our cabinetmaker. They feature back braces, which are important for their sturdiness. The chairs are comfortable and have a good seat height (45 cm). The seat is made from a single piece of wood with beautiful grain, and it is carved from a solid block--a sign that they date from the 19th century. Please note: One chair has an additional crossbar. Delivery available in Belgium, France, and internationally. On display in our showroom at 41 Rue Henri Wafelaerts, 1060 Brussels, Belgium. More information and photos available upon request.
