Description

An elegant ring crafted in 18-karat gold, featuring a magnificent natural blue cushion-cut sapphire weighing 4.30 carats at its center. The sapphire is accompanied by a GemLab certificate, which confirms its identification and characteristics. The center stone is surrounded by a refined arrangement of baguette-cut diamonds, with an estimated total weight of approximately 1.70 carats. The diamonds are arranged in a radial pattern around the sapphire and extend onto the shoulders of the ring, creating an elegant geometric design. The contrast between the sapphire's deep blue, the brilliance of the diamonds, and the warm tone of the gold gives the piece a striking and sophisticated presence. Details: Metal: 18-karat gold Total weight: 8.20 g Natural sapphire: Cushion cut, 4.30
