Description

Important bronze sculpture - Oriental Woman with a Pitcher - Signed Marchand - Schoenewerk
Important and highly decorative bronze sculpture with a brown patina, depicting a young Oriental woman seated by the water, with a pitcher placed at her side. The young woman is depicted in a dreamy and contemplative pose, her head delicately resting on her hand. She wears a long, draped garment with numerous folds, as well as a necklace and bracelets. The composition is particularly refined, with beautiful detailing in the drapery, hair, hands, and feet. At her side, a jug with oriental decoration and aquatic plants complete the scene. The naturalistic base evokes the surroundings of a body of water. The bronze features a beautiful antique brown patina, nuanced in places, which particularly highlights
