Description

This charming object is a depiction of the Emperor in profile, in the form of a bronze table medal, mounted on a polished granite base. The medal itself depicts Napoleon at the very beginning of the Empire, at the time of his coronation. He wears a laurel wreath around his head, and the profile depicted is the same as that in the painting by David. The medal measures 5.3 cm in diameter and is in perfect condition, with no scratches. The base is a block of polished red granite. The choice of red granite is no coincidence, as this stone symbolizes strength, passion, and vitality, all qualities that apply very well to the Emperor. The underside of the block is protected by red felt. Dimensions of the block: 13.2 x 7.5 x 2.5 cm. This is a delightful item that allows you to keep a reminder of this great man.
