Description

Carved and giltwood Liberty mirror. Italy, 20th century. 93 x 73 cm (overall), 68 x 48 cm (sight). Carved and gilded wood mirror in Liberty style, set within a double order frame. The outer band displays a continuous pattern of stylised leaves arranged in a radiating design, while the inner moulding bears a garland frieze of foliage and berries, interrupted at the centre of each side by a small gilt boss in relief. The contrast between the gilding and the burnished ground enhances the depth of the carving. The bevelled mirror plate completes the composition. Condition report: Good state of preservation, with light wear to the gilding consistent with age. All shipments within the EU are free and professionally packaged. This item is sold with a legally valid certificate of authenticity. Further details
