Description

PAN444 - Pair of framed paintings. This imaginary landscape draws on the Nordic and Flemish tradition of "capriccio" painting, where medieval architecture and dramatic natural scenery blend into an evocative scene. The presence of this pair of paintings suggests a pendant design, intended to symmetrically adorn a gallery or studio. The contemporary wooden frame, simple yet elegant, contributes to the authentic charm of the ensemble. 18th century. Dimensions: 125 cm (W) x 93 cm (H)
