Description

Mountain-Style Chest of Drawers in Fir Beautiful Louis Philippe-style chest of drawers in solid fir , in the mountain tradition, featuring a simple yet sturdy construction characteristic of rural Alpine furniture. The front is enhanced by an elegant molded frame and a slightly overhanging cornice, which accentuates the solid door. The door, mounted on antique hinges, opens to an interior fitted with a shelf and a clothes rail. The sides feature a beautiful construction with grain patterns, knots, and natural irregularities that attest to the piece's authenticity and its past use. The piece rests on four straight, slightly flared legs, extended by a low, molded crossbar. The warm patina, with shades of honey and golden blond, is particularly harmonious and highlights the grain of the fir. A storage piece typical of
