

Large Chest With Armrests

950 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Length : 220

Description

A striking wooden chest characterized by a refined architectural design and two distinctive, curved armrests. The top features a double-opening design, allowing easy access to the spacious interior compartment. The piece is complemented by elegant inverted-pyramid legs with simple, clean lines. A piece with a striking presence and unique shape, ideal as a furnishing element in a classic or rustic setting with character. Length 220 cm
