Description

British painter (late 19th century) - Highland Cattle by a Lake. 102 x 77 cm (without frame) - 108 x 82 cm (with frame). Oil on canvas, in a gilded wood frame. The composition depicts a Scottish Highland landscape with a group of Highland cattle on the shore of a loch. The background opens onto mountain slopes enveloped in a diffuse, cloudy light typical of late nineteenth-century British landscape painting. The rendering of the long-haired cattle, with their distinctive prominent horns, reveals a confident handling of the subject, while the brushwork is fluid in describing the vegetation and water reflections. The work belongs to the tradition of British animalier and landscape painting in the Victorian taste. Condition report: Lined canvas. Good state of conservation of the pictorial
