

## Alabaster Sculpture: "the Young Man With The Thorn"

950 EUR

Signature : À définir

Period : 19th century

Condition : Très bon état

Material : Other

Height : 42

### Description

A very beautiful alabaster sculpture mounted on a marble base. It depicts a young man removing a thorn from his foot. A work of fine quality! Very attractive antique patina. Artist to be determined. Quite a heavy sculpture! Dimensions: 42 cm high by 23 cm wide, with the base measuring 25 cm on each side. Visually very decorative! A charming subject!
