### Description

Monumental antique carved wooden mantelpiece with mirror - Neo-Renaissance /Neo-Baroque style. Magnificent antique monumental fireplace made of richly carved wood, accompanied by its large trumeau mirror, forming a particularly decorative and imposing ensemble. Likely crafted in the late 19th century, this fireplace features many characteristics of the Neo-Renaissance and Neo-Baroque styles, which were very popular in French interiors of that period. The carving is particularly remarkable: the mantelpiece is adorned with deeply carved motifs, volutes, architectural ornaments, and female figures in the form of caryatids that frame the composition. The richness and depth of the decoration attest to craftsmanship of the highest quality. The ensemble is crowned by a large
