Description

A charming oval panel featuring two cherubs (putti) carved in high relief as they play with doves. A French piece from the second half of the 19th century. Hovering above a swarm of clouds, these chubby, cheerful little boys are perfectly in keeping with the Neoclassical artistic movement, which was already well-established and very popular in 19th-century art. Beautiful, warm wood patina; fine carving; in excellent condition. Unsigned. Free shipping to metropolitan France. Please contact me by email if possible. I am available to provide further information.
