## Chandelier Shaped Like A Large Lantern, Made Of Iron With An Old Gold Bronze Patina, Decorated V

1 000 EUR

Period : 20th century

Condition : Bon état

Material : Wrought iron

### Description

Large metal lantern with a bronze-medallion or antique gold patina, lavishly decorated with flowers and foliage, featuring a four-light fixture. The height can be adjusted by using more or less chain to achieve a maximum total height of 155 cm, which can be reduced in increments down to approximately 90 cm. It is also possible to remove the chain entirely to achieve a minimum height of 85 cm. The 16 glass panels, each approximately 3 mm thick, form facets that beautifully reflect the light from the four candle-shaped bulbs. The photo with the chair makes it easier to appreciate the size of the object. Dated circa mid-20th century  
Dimensions: Lantern height only: 85 cm  
Maximum diameter: 56 cm  
Chain length: 70 cm  
Weight: approximately 11 kg
