Description

Featuring Renaissance-style griffins flanking the top, extravagant shell motifs reminiscent of the heyday of the Louis XV style, and the refined floral friezes favored by Queen Marie-Antoinette, this mirror embodies the charm of the eclectic style that defined the second half of the 19th century. That era--passionate about history and heritage (a brand new concept at that time)--possessed a unique genius for creating elegant balance by blending influences spanning centuries.

This mirror, in excellent condition, is a quintessential example that celebrates the elegant inventiveness of French taste.
