### Description

An elegant and refined Saxon porcelain lamp depicting two young women standing back-to-back, dressed in long, richly decorated floral gowns. Two putti accompany the composition, lending the piece a great tenderness and charm typical of late 19th-century decorative art. The piece rests on a large oval base adorned with floral reliefs, garlands, and finely modeled female mascarons. The quality of the sculpture, the richness of the floral decoration, and the delicacy of the polychromy attest to the craftsmanship of the Saxon manufacturers.
