Octagonal Table Made Of Indian Walnut With An Oak Base

695 EUR

Period : 20th century

Condition : Bon état

Material : Wallnut

Diameter : 72 cm

Height : 60 cm

Description

Bring timeless elegance to your home with this magnificent octagonal table; it immediately catches the eye with its symmetrical walnut top, whose wood reveals stunning, distinctive knots. Its refined oak base is a testament to exceptional craftsmanship, featuring richly detailed carvings and eight curved legs (in the "cabriole" style) with graceful lines that enhance its classic appeal. Each leg is delicately adorned with carved foliage motifs at the knee and culminates in an elegant scroll-shaped foot, embellished with delicate floral motifs. Openwork crossbars--decorated with vases of flowers, "C"-shaped volutes, and twisted leaf motifs--connect the legs, ensuring both visual harmony and great sturdiness. This timeless piece offers great versatility: use it as an elegant side

table, a refined decorative element in the living room, or an imposing centerpiece that draws everyone's attention. A unique combination of walnut and oak, classic forms, and meticulous craftsmanship; ideal for lovers of antiques and high-end interior design. The table shows slight signs of wear consistent with its age. Dates from the late 19th or early 20th century.
