Description

A Lombard Barocchetto-style chest of drawers dating from the early 20th century, featuring an elegant walnut and mahogany burl veneer, embellished with maple inlays. The "bombé" structure is curved both vertically and horizontally, giving the piece a dynamic quality typical of the period. The top is made of Macchia Vecchia marble, lending it both refinement and durability. The front features three drawers equipped with a concealed chain-pull system; the bottom drawer ends in a curved apron that flows seamlessly into the sides. The chiseled bronze vents, handles, and footplates complete the piece, adding a touch of luxury and artisanal detail. ANMOCA0326353
