Description

Large lidded earthenware vase in the Moustiers style - H. 55 cm A beautiful and substantial lidded earthenware vase, crafted in the style of Moustiers productions. Featuring a generously curved baluster shape, it rests on a pedestal and has a double-domed lid topped with a spherical knob. The piece is enlivened by a rich hand-painted polychrome decoration, composed of flowers, foliage, branches, and plant motifs, embellished with figures, birds, and mythical creatures. The color palette primarily combines green, blue, and orange tones on a white glazed background. A striking decorative piece, particularly appealing for its substantial proportions and the richness of its decoration. Work in the Moustiers style. Height: 55 cm. In good overall condition, with some
