Description

Chinese Shoulao Statuette in Silver-Plated Bronze - H. 20 cm Beautiful Chinese statuette in silver-plated bronze depicting Shoulao, a Taoist deity associated with longevity in Chinese tradition. The figure is depicted with the characteristic features of an elderly man with a long beard, dressed in a loose-fitting robe richly adorned with symbolic and stylized motifs. He holds a spherical object in one hand. The sculpture is distinguished by the richness of its carving: an expressive face, a long, finely crafted beard, lavishly decorated clothing, and numerous details in relief. Shoulao rests on an ornate base, forming a particularly decorative ensemble with the statuette. Beautiful patina of age, with nuances and wear on the silver plating that highlight the relief of the bronze. Origin: China Subject:
