Description

Claude Venard - Still Life with Sunflowers Oil on canvas depicting a still life with sunflowers, rendered in a post-Cubist style very characteristic of the artist. In the center, two large yellow sunflowers dominate the composition. Arranged around them are various everyday objects: fruit, plates, a vase, papers, and sheet music. The forms are simplified and geometric, with deliberately distorted perspectives. Thick black outlines structure the composition and highlight the vivid colors: yellow, red, blue, green, and orange. The paint also appears to be applied in thick layers, giving the work a great deal of depth and texture. The composition is colorful, dynamic, and highly expressive: Venard transforms a familiar scene into an interplay of shapes, colors, and textures. Circa 1980 70 x 80 cm
