Elegant Scandinavian teak coffee table, from Sweden and dating from the 1970s. Its rectangular top rests on four round, cylindrical legs positioned at the corners of the table. One end of the tabletop features a built-in planter with a removable 34 × 34 cm metal tray with a black bottom. Tray depth: 9 cm. This original design combines the functions of a coffee table and a planter, reflecting Scandinavian design's preference for simple, functional, and warm forms. The teak features a beautiful honey hue and a natural patina that enhance the piece's vintage character. Perfect for a living room, entryway, or bedroom.
