### Description

A single bed made of walnut dating from the early 19th century, from Italy. The headboard is embellished with a carved cornice, featuring a central shield supported by a pair of cherubs. On the sides, finely carved dragons intertwine with garlands and fruit in an elaborate openwork design. The solid and sturdy frame retains the charm of a bygone era, while still bearing the marks of restorations carried out to preserve its integrity and original aesthetic. An authentic example of the craftsmanship of the era, ideal for those seeking a piece of history to elegantly furnish their interiors. Product condition: Due to its age and wear, this product requires restoration and re-polishing. We strive to present the actual condition of the piece as completely as possible through the photos.
