

Pair Of Restoration-era Bronze Wall Sconces

2 300 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 25,5

Height : 15

Depth : 23

Description

Pair of period-style restoration wall sconces with five light arms arranged in two tiers, made of gilded and patinated bronze. The wall-mounted section is decorated with palmette and scale motifs leading to a circular hub from which the light arms radiate. The upper right post is adorned with water leaves, while the other four feature arabesques ending in lion's mouths, from which the gilded bronze lampshades emerge.**LEARN MORE**
