Description

A fine 20-piece Christofle porcelain dinner service, "Océana Bleu" model, "Aïda" design, preserved in its original boxes. The Océana Bleu model is part of Christofle's porcelain collection and features a particularly elaborate design centered around a palette of deep blue, white, and gold. The porcelain is adorned with broad swaths of blue with a slightly nuanced and marbled finish, combined with white highlights and delicate gold accents. Depending on the piece, the design unfolds in geometric friezes or in richer compositions of palmettes, acanthus leaves, and stylized plant motifs, arranged around a central medallion. The gold finishes are particularly meticulous. The reverse side of the pieces bears the inscription: "Hand-Applied Gold Border - Hand-Applied Gold Border""Océana Bleu -
