6 000 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 31

Height : 70

Depth : 36

Description

Sculpture depicting "Renown" in bronze with a brown patina by Julien Causse. This draped young woman, her shoulders bare, blows into a reed-shaped trumpet. She appears to be rising from a leafy rock. Her hair is tied back in a loose bun. Renown is an allegory personifying public recognition. The figure is signed "J. CAUSSE" on the pedestal. The entire piece rests on a swiveling red marble base.
