Description

A striking green-and-gold-lacquered wrought-iron console table featuring scrollwork and foliage motifs. The top is made of red Rance marble, also known as Red Flanders. Late 19th century H x W x D = 100 x 164 x 51 cm Our thoughts: This console table is truly impressive due to its size. It has been restored and re-patinated, leaving it in very good condition. Given the weight and quality of the marble, it undoubtedly dates from the second half of the 19th century. Highly decorative.
