Description

Camaleonda Sofa by Mario Bellini for C&B / B&B. An extremely rare and enormous modular sofa from the Camaleonda series. Comprising 13 modules that can be arranged as desired, this is one of the largest configurations available on the market. We created this expansive configuration by combining modules from different collections. The Camaleonda is one of the most highly regarded and sought-after designer sofas, a true icon and object of desire for collectors. Designed by Mario Bellini, a Milanese architect and student of Gio Ponti and Piero Portalupi. Manufactured by C&B, a company founded in 1966 in Novedrate by Piero Ambrogio Busnelli and Cesare Cassina, and later renamed B&B after Cesare Cassina left the company. The seats are in excellent condition in terms of

upholstery but need to be reupholstered both due to their condition and to ensure color uniformity. Upon request, they can be reupholstered by our upholsterer in the color of your choice. Most of the modules bear the B&B label, while others are still C&B products; incidentally, the single module is no longer in production. The listed price is for the 13 modules as they are, i.e., excluding reupholstering.

COMPOSITION 8 modules with backrest: width 95 cm; depth 95 cm; height 70 cm; seat height 40 cm. 4 modules with backrest: width 65 cm; depth 95 cm; height 70 cm; seat height 40 cm. 1 module with backrest: width 35 cm; depth 95 cm; height 70 cm; seat height 40 cm. 2 side armrests. When arranged in a line, the modules have a total length of 10.5 meters.
