Description

A very elegant wall mirror made of carved and gilded wood, dating from the 20th century. The frame, with an architectural shape and a curved top, is richly adorned with plant motifs. It features a design of foliage, flowers, and fruit carved in relief, with generous floral compositions at the corners and a prominent central bouquet at the top. The outer edge is embellished with a twisted foliage motif, while the lower section is enlivened by a knotted ribbon, lending the piece a beautiful elegance. The carving is particularly detailed, and the gilding displays lovely nuances and a warm patina. A highly decorative piece, ideal for a classic, elegant, or neoclassical interior.
