Description

Stunning "Z" model desk lamp / Decora, designed by Louis Kalff for Philips, dating from the 1950s. Original color, with just a few small spots of white latex paint. This iconic piece of Mid-Century Modern design stands out for its remarkable black metal shade, with a domed shape, adorned with numerous decorative slits that delicately filter the light. The metal and brass frame features the famous angular "Z" silhouette, which is particularly elegant and graphic. The lamp retains its original Philips label and markings, which are particularly valuable for identifying it and verifying its authenticity.
