Description

A charming Baccarat crystal paperweight depicting a snail winding its way through a small flower garden. Entirely hot-formed, the design features a snail with a yellow body and a spiral shell, surrounded by multicolored flowers and foliage. The design stands out against a deep green background, enlivened by fine, sparkling inclusions. The crystal's transparency and magnifying effect lend this miniature scene a lovely sense of depth. On the base are the circular "Baccarat France" mark, the date 1977, and the number 222/300, indicating a limited edition of only 300 pieces. A particularly decorative collector's paperweight, captivating for its whimsical subject and the quality of its glasswork.
