Description

Pair of large Lucia Tucci lamps - Model HARRODS F939.1 - Italy Spectacular pair of large lamps from the Italian brand Lucia Tucci, model HARRODS F939.1. With a particularly impressive total height of approximately 170 cm including their lampshades, these lamps feature a slender and highly architectural silhouette. The substantial bases are crafted from glossy black ceramic and silver-finished ceramic, with a design combining a generous spherical base with a long, tapered conical element. The contrast between the deep black and the silver-finished parts elegantly highlights the model's lines. The lamps are topped with large conical black lampshades, perfectly proportioned to their monumental dimensions and diffusing a particularly warm light. Brand: Lucia
